

# CUPCAKE MIX (Bakels)

## 500g Cupcake Mix

115ml water

3 eggs

Place water, eggs and cupcake mix in that order in bowl of mixer. Blend for 1 min on low speed then scrape down. Mix on medium speed for 4 mins. Flavourings (eg **Dutch Cocoa**) can be added at this stage. Place into cupcake papers 1cm from the top and bake in preheated oven at 150C for approx 25-30 mins or until a skewer comes out clean when tested. Using a muffin pan helps to keep the shape.

If you want to keep the cupcakes for more than a day or so add 50ml vegetable oil to the mix. They freeze well un-iced.

Icing ideas: **White Chocolate fudge icing, Choc Fudge icing, Bakels White Buttercream or Whip n Ice** – all available from W&P.

Decorate with **sprinkles, cachous, pearls** or any of our wide range of **sugar decorations or mini candy shapes**.
